

CERTIFICAT DE CALITATE SI GARANTIE QUALITY AND WARRANTY CERTIFICATE

SC AKRO SRL declara ca produsul este nou si a fost fabricat in conformitate cu documentatia tehnica corespunzatoare prezentata de producatorul Swiss Aqua Technologies.

Prin prezentul certificat se garanteaza buna functionare a produsului in situatia in care beneficiarul va respecta conditiile privind manipularea, conservarea produsului pana la punerea in functiune, intretinere si exploatare.

Conditii obligatorii: prefiltrare 70 μ , ferit de inghet, ferit de lovituri, fara socuri hidraulice in instalatie, respectarea racordurilor de prindere, presiune maxima de lucru 10bar, temperatura maxima de operare pentru a obtine eficienta maxima $\leq 65^{\circ}\text{C}$.

Reparam sau inlocuim orice parte din produsele livrate de noi care prezinta vicii/defecte datorate producatorului, exceptand piesele supuse uzurii/coroziunii normale.

Garantie produse: 36 de luni de la data livrarii.

SC AKRO SRL certifies that the product is new and was manufactured based on technical documentation from the manufacturer Swiss Aqua Technologies.

By this this certificate we guarantee the proper functioning of the product in case the beneficiary will comply with the conditions of handling, preservation, maintenance and operation.

Mandatory conditions: prefiltration at 70 μ , frost-free, shock-resistant, no hydraulic shocks in the installation, compliance with the clamping connections, maximum working pressure 10bar, maximum operating temperature to obtain maximum efficiency $\leq 65^{\circ}\text{C}$.

We repair or replace any part of the product showing flaws/defects caused by the manufacturer, except for parts that suffer normal corrosion.

Warranty: 36 months from delivery.
